

SEA BATTLES IN CARIBBEAN ARE FORECAST

"Helm Board" Recommends First-Class Navy Yard at Charleston, S. C.

The storied Caribbean Sea will be the scene of great naval battles. Following this conclusion, a special naval board yesterday told Congress that the Charleston Navy Yard was the most suitable station south of Cape Hatteras for bombing and repairing American sea-fighters. Recommendation is made that the Charleston yard be developed into a first-class station.

No additional yard is needed south of Cape Hatteras, on the Eastern coast, says the report. This was one of the principal inquiries the board was directed to make.

Long Coast Line Covered.

The report, which deals with yards from Hatteras south through the Gulf, says the Gulf yards are too far from the Caribbean to be of great value. But, it is added, some base may have to be established in the Southern waters, as in naval engagements the fleets might be isolated from their northern supply depots and repair stations.

Such an operating base, if established, would be either at Pensacola Bay or near Algiers in the lower Mississippi.

The Florida Straits will be of immense strategic value. The "Helm Board," as the investigating body is popularly called, recommends Key West as a base for submarines, destroyers and aircraft.

In Florida and Texas.

Biscayne Bay, Fla., is mentioned as a good location for a base for submarines, destroyers and aircraft because of its command of the Florida Straits, which are narrow at this point. Port Arthur, Tex., is alluded to as a promising spot for an aircraft station because of the great Texas oil fields nearby.

The commission expects to visit the Canal Zone and Windward Islands later on with a view to further report upon the Gulf-Caribbean region. Recently the officers on the board have been busy with their duties.

The report is signed by Admiral Helm, as chairman.

New "Four-minute Men" Will Instruct Bakers

The Food Administration announced yesterday plans for an educational campaign to be conducted by a group of chemists, enlisted in the "Four-minute men."

They will instruct milling and baking chemists in the utilization of wheat substitutes in the making of "Victory bread."

Meetings are to be held in the Chemists' Club, New York, next Tuesday, and in the Hotel La Salle, Chicago, next Friday.

The American Society of Milling and Baking Technology and the American Society of Cereal Chemists have given their support to the movement, the administrator stated.

Solon Wants Liberty Bonds Kept at Par

BROOKLAND CITIZENS FLAY CAR COMPANY

Representative Hull, of Tennessee, introduced a bill yesterday creating a fund to keep liberty bonds from selling below par. He proposes that one-seventh of 1 per cent of all sales be kept in a reserve fund to buy any bonds offered for sale.

The present market price, 96 plus, he declared, had been reached on a very small turnover of sales.

Mass Meeting Petitions for U. S. Ownership and Drastic Changes.

One hundred residents of Brookland assembled in mass meeting in the Brookland Masonic Hall last night and passed resolutions favoring government ownership of street car companies in the District, operation of jitneys during rush hours, and the immediate adoption of the "skip-stop" system.

The meeting was held under the auspices of the Brookland Citizens' Association, President Marvin M. McLean, of that association, presiding.

It was called especially to "seek improvements" in the street car service rendered Brookland by the Washington Railway and Electric Company. Scathing criticism of this company and its officials characterized the speeches.

Dr. H. W. O. Millington, pastor of the Brookland Baptist Church, declared that "the employees of the company could not be reformed until the officials had been taken care of."

One resolution pledged the assistance in the investigation being conducted by the Public Utilities Commission and hearty co-operation in a thorough trial of such remedial measures as may be adopted.

One resolution condemned read: "1. We recommend the so-called skip-stop system.

2. We believe that morning and evening congestion may be relieved to an extent by a change of working hours in the government departments.

3. We think that crowding Brookland cars could be relieved by starting jitneys during rush hours.

4. As an emergency measure, we favor licensing and operation of jitneys.

5. A unification of the two street car systems would permit more efficient use of the facilities."

Another resolution adopted seeks the curtailment of the use of fuel in places of public amusement until private residences and public schools are supplied.

The resolutions were compiled by a special committee, consisting of Rev. H. W. O. Millington, pastor of the Brookland Baptist Church, C. V. Burnside, of the Interstate Commerce Commission; Prof. Charles H. McCarthy, John O'Connell, Lee R. Wilson, D. S. Pollock, M. M. McLean, S. S. Symons and D. H. Oertley.

Austrian Cabinet Resigns, Report from Holland

Amsterdam, Feb. 8.—Resignation of Premier Seydler and the entire Austrian cabinet was again reported today. At the same time there were vague dispatches indicating new unrest in Austria-Hungary. One said there had been a four-day peace demonstration in Lemberg, the Galician capital, in which three policemen were killed and forty civilians wounded.

COAL DEALER SUES WEAVER FOR \$150,000

Milton W. Johnson Claims His Business Suffered Through Fuel Order.

The fight that has been smoldering between the local fuel administration and some of the larger coal dealers broke yesterday when Milton W. Johnson, head of the Standard Coal Company, brought a suit for \$150,000 damages against John L. Weaver, fuel administrator.

Mr. Weaver is bitterly scored for diversion of coal consigned to Mr. Johnson. Filed in the District Supreme Court, the complaint contains two counts. In the first it is charged Mr. Weaver "wrongfully and unlawfully" caused coal to be diverted to other dealers.

In the second it is charged the defendant "did maliciously and unlawfully" injure him in his good name and business, "did wrongfully, unlawfully and maliciously" exercise of his powers cause coal to be held up from Mr. Johnson, and "did wantonly, recklessly and maliciously" exceed his powers to injure him.

Disobeyed Fuel Order.

On Saturday dealers having coal on hand were requested to keep their yards open Sunday in order to aid in the distribution of coal to the thousands of homes in the city without heat.

Mr. Johnson, it is said, refused to do so. On Monday coal arriving consigned to him was diverted upon order of Edward F. Colladay, acting fuel head, to dealers whose yards were clear.

At a meeting of coal dealers last Monday night, called to formulate plans for establishment of a clearing house to supplant the emergency fuel bureau, Mr. Colladay announced the action he had taken.

"A certain dealer who is in this room at present," Mr. Colladay said at the meeting, "last Saturday refused with an oath to keep his yard open for a half day Sunday or a period of only two hours. Had he done so it would have aided the situation very materially. The man next door to him kept his yard open and entirely cleared his dumps."

"I made an inspection of the dealer's dump Sunday evening and found his yard filled with cars he could have unloaded. When he tried to unload them this morning the coal was frozen. It would have run freely had the cars been unloaded Sunday. I took the coal consigned to that man arriving today and gave it to dealers whose yards were clear."

The statement caused some little stir at the meeting and there was speculation as to which dealer was referred to. Mr. Colladay having refused to give his name. No answer was made to the charge of Mr. Colladay.

It is known that there is no disposition on the part of the Fuel Administration to dispose of the suit through a technicality. United States District Attorney Leakey probably will lead the defense for Mr. Weaver as a government official. Members of the legal department of the United States Fuel Administration also will participate in the case, it is believed.

ATTORNEY PAYS BILL; THEN KILLS HIMSELF

Inquest Into Death of John Holt Deemed Unnecessary.

Following an investigation by Sheriff Aud. of Takoma Park, in the death of John Holt, a Washington patent attorney, who shot and killed himself at Takoma Park Thursday night, it was decided that an inquest was unnecessary, and the body was turned over to an undertaker at Takoma Park.

Holt's body was found by C. R. Gibbs, who heard the shot and rushed to the scene. In his hand Holt clutched a revolver. A check for \$25, made out to the Washington Sanitarium for payment while he was a patient there was found in Holt's pocket.

Mr. Holt lived at the Cecil apartment in this city. He went to the sanitarium for treatment for nervous disorder a short time ago.

DANIELS APPROVES BATTLESHIP FILMS

Secretary of Navy Guest at Press Club Exhibition.

Pronounced by Secretary Daniels to be wonderfully realistic, colored motion pictures showing the navy in preparation and action were exhibited for the first time last night at the National Press Club.

At the conclusion of the exhibition, Secretary Daniels made a brief address to the effect that from a personnel of a few thousand a short time ago we now have 300,000, and that it was the hope of the country that our ambition to possess the greatest navy in the world shall be realized.

"The navy is anchored safely in the confidence of the people," he said. "Every merchant vessel that requested armed guards was furnished them, and from the date the first man lost his life in this war down to the present time the record of the navy has been one of glory and triumph. Men in the navy, from the newest recruit to the oldest admiral, feel that they uphold the spirit of America."

Thrilling features of the exhibition were the firing of salvos and discharging of torpedoes from battleships, while realistic views were given of the flights of hydroplanes from the decks of warships.

Glycerine is now made from sugar. Aurora, Ill., was the first city in the world to have its streets lighted by electricity.

From the Pulpits Around the City

Christian Science Lecture.

Christian Science will be the subject of an address at Polk's Theater Sunday afternoon, by John W. Dooley, C. S. B. of Leeds, England.

Dr. Radcliffe's Sermon.

In Dr. Radcliffe's Sunday evening course upon "War Time Preaching," his subject tomorrow evening will be "Bible Hymns of Hate," in which he will discuss what is commonly known as the imprecation psalms and show their place and proper use even in times like the present.

Metropolitan Baptist Church.

At the Metropolitan Baptist Church, Sixth and A streets northeast, tomorrow the Bible school will meet as usual at 9:30 o'clock a. m. The 11 o'clock service will be omitted; pastor and people will attend the Tabernacle.

The evening service, however, will be held as usual and Pastor John Compton Ball will administer the ordinance of baptism, and preach on "The Secret of Greatness."

Centennial Baptist Church.

"The Happiest Man," is E. Hes Swen's subject Sunday night, followed by baptism, at the Centennial Baptist Church.

The morning subject is, "Wonderworking Words."

Immanuel Baptist Church.

"Household Christianity," a sermon by Pastor Griffith Johnson, D. D., will be delivered at Immanuel Baptist Church, Sunday morning, February 10.

In the evening, union services will be held with the Methodist Episcopal Church, south corner Sixteenth and Lamont streets. The sermon will be preached by Pastor Copenhaver.

has been doing fine patriotic service in many quiet ways. The latest enterprise is the reorganization of the Red Cross workers into a corps under the leadership of Miss Elizabeth Weston.

Foundry Epworth League.

Foundry Epworth League will be addressed tomorrow evening at 6:45 by Arthur Brisbane, editor of the Washington Times. The special musical numbers will include a solo by Mrs. Alma Thomas-Ritterberg and a duet by Mrs. Ruth Lewis and Miss Florence Blackburn.

The league is specializing in the effort to interest and attract the many young people now coming to our city and seeking a church home.

The atmosphere which characterizes this Christian organization of young people in all of its activities is permeated by a spirit of Christian fellowship that warms the heart and makes the stranger feel at home. The response as evidenced by the

attendance upon and participation in these Sunday evening devotional services is indicative of a great work in the cause for which the league stands.

Lecture on Chinese Mission.

Deaconess Hart will tell of her work in China at the special mission service to be held at 8 o'clock Sunday evening in Grace Episcopal Church, Ninth and D streets southwest. Representative Bill of Washington State, will, on Thursday evening, February 14, tell of his trip to the French front.

Forty John Bible Class.

Forty members have been obtained in the campaign to bring the membership of the Harlan Bible class, of the New York Avenue Presbyterian Church up to 100. The class will meet tomorrow morning in the auditorium of the church at 9:45 o'clock. Many new members are expected to be present.

So far, a great number among the thousands of new residents in the city have been enlisted as members of the church through the efforts of the Christian Endeavor Society. Special classes in Sunday school will be held tomorrow at 9 o'clock in the morning, one for young women and another for men. There will be a social hour for young people at 6 o'clock and the Christian Endeavor service will be held at 6:45 o'clock.
